Shawn Voskuil – Drupal/WordPress Web Developer

San Diego, CA | 858-232-1010 | shawn@mrfoxhole.com | LinkedIn: /in/shawnvoskuil | mrfoxhole.com

16+ years building and modernizing Drupal/WordPress platforms across federal-scale government sites and independent consulting. Now seeking a full-time role to settle into for the long term.

CAREER HIGHLIGHTS

- Consolidated 70,000+ pages to ~3,500 (95% reduction) during the SSA.gov Drupal 10 redesign, improving navigation and ADA/Section 508 compliance for a national-scale federal website.
- 100% on-time feature delivery across multiple enterprise government projects (NIH.gov, SSA.gov) through clean, well-documented custom Drupal modules.
- 90% reduction in site overhead achieved for SSA.gov by modernizing architecture, improving responsiveness and public web presence.
- 50+ client websites managed end-to-end as a freelance developer, delivering responsive redesigns and a 25% average organic traffic lift through SEO optimization.
- 15+ Drupal sites maintained simultaneously at Center for Sustainable Energy, including building EnergyCenter.org from scratch.

SKILLS
